

**POSTAL SERVICES ACT 2000
SECTION 14
NOTICE
OF PROPOSAL TO MODIFY THE CONDITIONS OF
THE FEDEX UK LIMITED LICENCE**

Whereas –

- (1) FedEx UK Limited, registered in England and Wales with company number 1541168 and having its registered office at Parkhouse East Industrial Estate, Newcastle-under-Lyme, Stafford ST5 7RB is the holder of a licence granted under section 11 of the Postal Services Act 2000 (the Act).
- (2) FedEx UK Limited is referred to in this notice as the “Licensee”.
- (3) The Licensee is being asked whether it consents to the proposed modifications to its licence as set out in this notice.

The Postal Services Commission hereby gives notice as follows –

1. The Postal Services Commission (the Commission) proposes, in the exercise of its functions under section 14 of the Act and subject to consideration of representations made in accordance with this notice and not withdrawn, to make the following modifications to the FedEx UK Limited licence, namely -
 - (a) to delete paragraphs 1 to 3 inclusive of Condition 9 in Schedule 2,
 - (b) to re-number existing paragraphs 4 and 5 of Condition 9 in Schedule 2 as paragraphs 1 and 2,
 - (c) to delete the reference to paragraph 4, previously in paragraph 5 of Condition 9 in Schedule 2 and to insert in its place a reference to paragraph 1.
2. The effect of the proposed modifications in this notice is that there is no requirement in the FedEx UK Limited licence for the Licensee to establish and maintain in force arrangements for the purpose of ensuring that if the Licensee ceases to carry on business as a postal operator, postal packets in its care at the time of such cessation, the conveyance of which requires a licence under the Postal Services Act 2000 (“the Act”), may be delivered to such places to which they are addressed.

3. The reasons for the proposed modifications in this notice are that the Commission considers that they further the interests of users of postal services by promoting effective competition between postal operators by removing barriers to competition and ensuring that regulation of the postal market is proportionate. The Commission considers that it should seek to create conditions that enable competition in the market between a wide range of businesses, since this is important to the vitality of the market and to the market's ability to provide customers with the services they want.
4. Representations regarding the proposed modifications may be made to the Commission within the period commencing on and including the date of this notice and ending on and including the thirtieth day after the date of this notice.
5. Representations regarding the proposed modification should be made in writing to -
